

DAL SAPERE AL SAPER FARE

Practical Course

Course duration: one day

General description.

Course participants will perform one or more surgeries.

All the surgical and implantological supplies to perform surgeries according to the Italian School will be made available by SST.

The course is exclusively about surgery and is limited to performing surgeries.

The instructor will follow the participants very closely, by illustrating, explaining, demonstrating in a practical way, correcting and providing them with any knowledge indispensable to performing the surgeries up to their completion.
